Subject: Registration Review Label Mitigation for Boric Acid
Product Name: STAPLETON'S MAGNETIC ROACH FOOD M.R.F. 2000
PASTE FORMULA
EPA Registration Number: 54452-2
Application Date: Oct 7, 2018
Decision Number: 550738

Dear Anna Crowder:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Boric Acid Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Miguel Zavala by phone at 703-347-0504, or via email at zavala.miguel@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Linda Arrington".

If in eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on Skin or Clothing:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice
In case of emergency call a poison control center or doctor for treatment advice. Have the product container or label with you when call or going for treatment. [You may also contact {insert appropriate toll free number} for emergency medical treatment information.]	

*{Note: The First Aid statements may appear in a paragraph format if market label space does not permit the grid format.}*NET CONTENTS: 1.23 oz through 20 oz (35g – 567g 50 gallon 55 gallon 250 gallon

**PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. May cause eye irritation. Avoid eye contact. Wash thoroughly after handling.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For containers other than the plastic tube [syringe] stir well before using.

This reservoir is designed to be used in conjunction with the [a] bait gun [designed by Specialty Products, a Division of EFD, Inc].

To use simply attach a filled reservoir of bait to the Bait Gun. [Twist on the dispensing tip. Adjust the grip of the gun to fit your hand size.] Aim and gently squeeze the trigger.

TO CONTROL COCKROACHES: Apply the paste liberally under and behind refrigerators, stove, sink, dishwasher, washing machines and dryer, tubs, into openings around drains, sewers, manholes, water pipe and electrical conduits, in cracks and crevices along baseboards and in corners of cabinets, cupboards, and closets. Remove drawers in kitchen and bathroom cabinets, bedroom dressers and chest of drawers, then apply liberally into each corner of the drawer wells.

Reapply the same as above at least once a year. If reinfestation should occur, reapply bait as needed. Apply in areas inaccessible to children and pets. Avoid contamination of feed and foodstuff.

DIRECTIONS FOR APPLYING IN NEW CONSTRUCTION TO CONTROL COCKROACHES: When treating large areas, such as wall voids, soffit and subcabinet voids in new and existing construction, apply the paste liberally. This product may be used in homes, restaurants, and other food handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment building, new construction, industrial plants, theaters, ships, boats, trains, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries and utilities.

CRACK AND CREVICE TREATMENT

FOOD AND FEED HANDLING ESTABLISHMENTS: Places other than private residences in which exposed food or feed is held, processed, prepared or saved.

FOOD AREA - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY: Includes areas for receiving, storage, packing (canning, crapping, boxing) preparing, edible waste storage and enclosed processing systems such as mills, dairies, bakeries, restaurants or anywhere food or feed is stored, processed, prepared or served. Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using suitable equipment capable of applying insecticide directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to void and hollow spaces in walls, equipment legs and bases, conduits, motor housing, where cockroaches hide.

Care should be taken to avoid depositing the product into exposed food and feed processing, preparation and serving surfaces, or introducing the material into food and or feed processing surfaces to avoid contamination.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AND FEED AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

SERVING AREAS – Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held. Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed. Remove any product left visible on a food surface after treatment and wash surface.

NON-FOOD AREAS: Include garbage rooms, lavatories (floors, drains to sewer entries & vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboards areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

NOTE: Do not apply bait to areas which have been recently sprayed with insecticides or spray insecticides over bait placements, as this may cause the bait to become repellent. Do not place bait in locations that are routinely washed, as bait will be removed by washing. Do not place treatments in locations where routine cleansing operations may transfer diluted bait to food or food preparation surfaces.

Numerous smaller placements will provide faster control than few large spots, especially for German cockroach control.

{For product packaged in rigid, non-refillable containers less than or equal to 5 gallons:}

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container.

[OR]

CONTAINER DISPOSAL *{for syringe}*: Nonrefillable container. Do not reuse or refill this container. Wrap used reservoirs and place in the trash can.

{For product packaged in rigid, non-refillable containers greater than 5 gallons:}

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets. Do not freeze.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container; do not reuse or refill this container. Triple rinse (or equivalent) container promptly after emptying. Triple rinse as follows: Fill the container $\frac{1}{4}$ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Dispose of rinsate. Repeat this procedure two more times. Then offer for recycling, if available; or reconditioning, if appropriate; or puncture and dispose of in a sanitary landfill; or by incineration.

WARRANTY DISCLAIMER

To the extent not prohibited by applicable law, Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. To the extent not prohibited by applicable law, **MANUFACTURER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.**

Inherent Risks of Use

The directions for use of this product are believed to be adequate and must be carefully followed. It is impossible to eliminate all risks associated with use of this product. Lack of performance or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, the presence of other materials, climatic conditions or the manner of use/application, all of which are beyond the control of the Manufacturer. To the extent not prohibited by applicable law, the buyer/user assumes all such risks.

Limitation of Remedies

To the extent not prohibited by applicable law the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories) shall be limited to, at Manufacturer's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

To the extent not prohibited by applicable law: a) Manufacturer shall not be liable for losses or damages resulting from handling or use of this product unless Manufacturer is promptly notified of such loss or damage in writing; and b) **TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW IN NO CASE SHALL MANUFACTURER BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OR LOSSES, INCLUDING WITHOUT LIMIT, HEALTH RELATED DAMAGES OR INJURIES.**

The terms of this **Warranty Disclaimer** and **Limitation of Remedies** cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Manufacturer or the seller is authorized to vary or exceed the terms of this **Warranty Disclaimer** or **Limitation of Remedies** in any manner.

It is not intended that this product be used to practice any applicable patent, whether mentioned or not, without procurement of a license, if necessary, from the owner, following investigation by the user.]
